Report on Fire and Safety Awareness Program and Mock Drill

A Fire and Safety Awareness Program followed by a Mock Drill was successfully conducted at Government Degree College, Frisal on 23rd August 2025. The event was a joint initiative of the **Debates and Seminars Committee** and the **NSS Unit** of the college, organized in collaboration with the **Fire and Emergency Services (F&ES), Yaripora**. The program was coordinated by **Dr. Zahid Hussain** and **Miss Mehnaza Jan**, under the guidance and leadership of **Prof. Showkat Ahmad Malik**, the senior-most faculty member of the college. All Faculty members and non-teaching staff of the college also participated in the drill. Expert personnel from the Fire and Emergency Services provided valuable demonstrations and lectures on fire safety protocols, evacuation procedures, and the use of fire extinguishers. Students were not only made aware of fire safety measures but were also given practical training through a hands-on mock drill, simulating real-life emergency situations. The non-teaching staff, including **Mr. Mohammad Abbas** and **Mr. Muzafar Ahmad Rather**, extended commendable logistical support, ensuring all necessary arrangements for the F&ES team were in place. The session proved to be highly informative and interactive, leaving the students better equipped with essential life-saving skills and a heightened awareness of fire safety practices.
